## eLifespaces Winner at CEA 2008 Mark of Excellence Awards!

[ORLANDO, Fla. – 3/14/2008] – The Consumer Electronics Association's (CEA®) announced that Charleston, SC based eLifespaces captured three top electronic integrator awards in the 2008 Mark of Excellence Awards presented by CEA's TechHome Division. The winners were recognized at an awards dinner this evening at the ninth annual Electronic House Expo (EHX) Spring 2008.

Competing among technology companies nationwide, eLifespaces was awarded Best Integrated Security Project, Best Distributed Audio/Video Project, and the coveted Ultimate Home of the Year categories. "Our team was privileged to have worked with a wonderful homeowner and is incredibly honored and thankful to them and our industry." said Fred Fabian, eLifespaces' President.

CEA's Mark of Excellence Awards honor industry leaders in custom electronics products, services and installations that are instrumental in changing the shape of the connected home. Industry trend setters were honored in three categories – Supplier, Training and Support Programs and System Integrators.

Each TechHome Mark of Excellence Awards category is judged by a four-member panel comprised of systems integrators, manufacturers, members of the trade press, and industry consultants. Each entry is given a numeric score and the entry with the highest score in each category is named a TechHome Mark of Excellence Awards winner.

***About EHX:***

Electronic House Expo, a Tradeshow Week magazine Fastest 50 event for five years running, is the fastest growing trade event of the \$13 billion custom electronics industry. Held twice annually and sponsored by CEA's TechHome Division, EHX attracts a large and dynamic audience of custom electronics integrators, retailers and allied trades to interact with leading suppliers of audio/video entertainment, digital convergence, networking and communications, comfort and control, and security and electrical products. For more information, visit [www.ehxweb.com](http://www.ehxweb.com).

***About CEA:***

The Consumer Electronics Association (CEA) is the preeminent trade association promoting growth in the \$161 billion U.S. consumer electronics industry. More than 2,200 companies enjoy the benefits of CEA membership, including legislative advocacy, market research, technical training and education, industry promotion and the fostering of business and strategic relationships. CEA also sponsors and manages the International CES – Where Entertainment, Technology and Business Converge. All profits from CES are reinvested into CEA's industry services. Find CEA online at [www.CE.org](http://www.CE.org).

***About eLifespaces***

Providing contracting, security and audio visual (A/V) services over two decades, the company directors and technical practitioners hold multiple licenses and certifications in the construction, low voltage cabling, electronic, security (both fire & burglar), and electrical contracting. As Design & Installation Contractors, their goal is to make the technology in your lifespaces – intuitive, invisible, and incredible. Whether its videoconferencing, ISF® Video Calibration, THX® Certified room construction, HAA® acoustic calibration or any number of other specialized requirements, let their team of Industry Certified Professional Designers and Practitioners address your technology needs. Find eLifespaces online at [www.elifespaces.com](http://www.elifespaces.com)
