## eLifespaces Introduces Security Line for Build & Remodeling Projects

eLifespaces introduced its Build/Remodel Project Security Line at this weekend's Build, Remodel and Landscape Expo held at the Charleston Area Convention Center. Products included devices such as a wireless IP based camera, satellite monitored security systems, and more.

eSecurity packages enable project owners, developers, builders, architects and engineers to save time and money by providing visual feedback of job site conditions, material deliveries, safety compliance, contractor timeliness, and daily progress. No other system gives you so much value for your money.

Packages may include a Digital Video Recorder (DVR) and can use motion detection to automatically record when detected. Depending on communication or internet service to the site, remote access is capable over a personal computer (secured login, if desired).

The Build, Remodel and Landscape Expo is the "original" January consumer home show

held at the Charleston Area Convention Center each year. For more than 8 years, L&L Exhibition Management, Inc. has been bringing homeowners and experts in the home improvement industry together. Home builders, kitchen and bath remodelers, windows, siding, roofing, decking, home security, flooring, water conditioning and landscapers are at the Charleston Area Convention Center to make your home improvement dreams a reality.

#### **About L&L Exhibition Management, Inc.**

L&L Exhibition Management, Inc. is a Minnesota company that promotes home shows across the country. In 1994, L&L started its first shows in Minnesota, then spanned across Colorado, Indiana then the country. Today, L&L Exhibition Management holds build and remodeling shows in 22 major US markets. Find L&L Exhibition Management online at [www.homeshowcenter.com](http://www.homeshowcenter.com)

#### **About eLifespaces**

Providing contracting, security and audio visual (A/V) services over two decades, the company directors and technical practitioners hold multiple licenses and certifications in the construction, low voltage cabling, electronic, security (both fire & burglar), and electrical contracting. As Design & Installation Contractors, their goal is to make the technology in your lifespaces – intuitive, invisible, and incredible. Whether its videoconferencing, ISF® Video Calibration, THX® Certified room construction, HAA® acoustic calibration or any number of other specialized requirements, let their team of Industry Certified Professional Designers and Installers address your technology needs. Find eLifespaces online at [www.elifespaces.com](http://www.elifespaces.com).
